## STEEL STOCKS IN

Sensational Rise Broken at Close of Trading by Morgan and Company.

ADVANCE NOT LIKED

Other Stocks Strong, But Do Not Follow Leader Chcerfully.

New York, January 22.—Steel shares had such a sensational advance in Wall Street to-day that in order to quiet the market Morgan & Co. soid thousands of shares in the last five minutes of trading breaking the price two points. Before this goiling began the stock had climbed to 89, which is mearly eight points above the low figure recorded in the break of Thursday, The advance was based on statements purporting to come from officials of the company, in which dividend was piaced at 5 per cent, for next Tuesday.

All other stocks were strong most of the session, but the rapid advance in Steel was not liked and the general market did not follow as cheerfully as it would have deep had Steel been more orderly. The gas stocks were fuvorites.

The bank statement showed in the

New York, January 22.—Money on call nominal. Time loans slightly stronger; sixty days, 4 per cent., and nihety days, 404 1-1 per cent.; six months, 4 1-404 1-2.
Close: Prime mercantile paper, 4 1-2 65 per cent. Sterling exchange weak, with actual business in bankers' billis, 34,8350 654,8355 for sixty-day bills, and at \$4,8510 654,855 for demand. Commercial bills, 34,83643,33 1-2, Bar silver, 52 3-8. Mexican dollars, 44.

Members New York Stock Exchange, New York Cotton Exchange, Chloago Board of Trade, Orders executed for investment or on margin on all ex-changes, private wires to New York Chicago and New Orleans,

so serious that prompt action must be taken to prevent serious loss in their orchards, as well as to prevent spread to other orchards in the vicinity.

The next three months is the time during which this work should be done, provided it has not already been done, strenuous efforts should be made now to have orchards that are infested with the San Jose scale thoroughly treated before the leaves push out in the spring.

The lime-sulpiur wash, which is still considered the standard remedy for combatting this pest, can be used at any time while the trees are dormant, up until the time they begin to bud out in the spring, and can be applied to the trunks sand limbs during the summer, but it will defoliate the trees if applied to the foliage.

We have just sent out a circular letter to the orchard inspectors in the State requesting them to spend as much time as possible on the inspection work, especially during the rest of the winter and early spring, and to do all they can to help the fruit growers to get their orchards in good condition before the spring opens.

We hereby request all fruit growers to get their orchards in fested with San Jose scale or diseased with peach yellows standing near their orchards, and from which these troubles are liable to spread to their orchards, and request that immediate are liable to, spread to their orchards, and request that immediate action be taken by the inspector in the way of urging owners of such orchards, as well as other orchards in the vicinity. In this way the fruit grower can help his own interests, as well as being of great service to the fruit grower can be plos own interests, as well as being of great service to the fruit industry in general.

### IRGINIA TRUST CO. CAPITAL ONE MILLION DOLLARS

Quite recently an excellent citizen of Richmond died. When his will was read he made no appointment of an executor, but requested his wife to follow the advice, in business matters, of his late partner, whose integrity he trusted implicitly. The widow was promptly advised to have the Virginia Trust Company appointed, and we qualified on January 5, 1910.

The gentleman who gave this advice was interested neither directly nor indirectly in this company's affairs, but thoughtful men recognize him as a wise and prudent man.

A request on a postal card will bring our booklet on trusts.
